

Good morning,

We are writing to inform you that all of the below BASA programs have been recommended for funding to operate a 21<sup>st</sup> CCLC program for the 2020-2021 program year. 21<sup>st</sup> CCLC funding is intended to establish or expand community learning centers that provide free, high-quality programming to students during non-school hours or during periods when school is not in session. 21<sup>st</sup> CCLC programs in Florida are required to provide students with academic enrichment, personal enrichment, family members' support, and a broad array of additional services.

The 21<sup>st</sup> CCLC programs are located at the below schools. The targeted students are students that attend these schools and students enrolled in private, non-profit schools in the geographic area served by the program site(s). All of these targeted students are eligible to attend all aspects of the 21<sup>st</sup> CCLC programming. Similarly, teachers and other educational personnel are welcome to participate in our equitable services, including our professional development opportunities.

As required by the Every Student Succeeds Act (ESSA), we are obligated to provide eligible, non-profit, private schools with timely and meaningful consultation, the ability to present their views, the opportunity to have those views seriously considered, and the ability to discuss viable options for ensuring equitable participation of private school students, teachers, and other educational personnel.

We have included the website link that you will find all program information regarding our 21st CCLC Brevard After School Academy. Additionally, we have attached a flyer with each program information for you to distribute to any interested parents. Please feel free to email [cavanaugh.theresa@brevardschools.org](mailto:cavanaugh.theresa@brevardschools.org) if you have any questions or if you are interested in learning more about this opportunity.
